***Terminal Disclaimer***

The terminal disclaimer filed on 07-28-2008 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Application Serial No. 10/820,878 has been reviewed and is accepted. The terminal disclaimer has been recorded. The provisional rejection under obviousness-type double patenting over claims of 10/820,878 is withdrawn.

Applicant's proposed amendment overcomes the rejection of claims under 35 USC 102(b) as being anticipated by EP 0 825 227.

However, the rejections of claims under 35 USC 103(a) set forth in the final rejection are maintained. Applicant argues the EP '227 teaches away from the claims as amended. This argument is unpersuasive for the reasons set forth in the final rejections of record.
